

# FEICA – Facts and Figures

## Association of European Adhesives Manufacturers (FEICA)

FEICA is the multinational association of the European adhesives industry.

With the support of its member associations FEICA coordinates and represents the common interest of the adhesives industry throughout Europe.

The mission of FEICA is to take the lead in resolving multinational issues affecting the industry in co-operation with its national association members.

FEICA represents the interests of more than 470 companies in 14 countries.

FEICA is active in the following fields:

- Harmonisation of legislation affecting the industry both within the European Union and as appropriate between European Union and other major economic blocks.
- Development of technical and commercial standards appropriate for the introduction into European standardisation authorities such as CEN and to represent the industry's interests within the corresponding working groups.
- Promoting of the European adhesives industry.
- Provision of reliable industry statistics.
- Liaison with other relevant European associations.

## Table-Top Exhibition

The Table-Top Exhibition adds value to the presentation sessions of the Conference, and is the most effective way to reach key people within the adhesives industry. The Table-Top Exhibition will be held on Friday, 24 September 1999 from 12.00 - 17.00 h in the Casino Luzern. A buffet lunch in the exhibition area will draw attendees to the exhibition. All exhibitors will be mentioned in the final programme as sponsors of the buffet lunch.

If you would like more information on the Table-Top Exhibition or if you want to apply for a stand, please contact the FEICA Secretariat (address at the back-page of this programme).
